She was very gentle with my mouth; normally I'll have some pain/bleeding during the cleaning. I didn't have any pain at all during this appointment with her though. My concern is that is wasn't a deep enough clean, but it's possible that she's just that good.

★★★★★ We have been patients of Dr Tellios as long as he has been in practice, we wouldn't go to anyone else ! I had gotten behind on my cleanings went yesterday and had the pleasure of meeting Kirsten. I can honestly say Dr Tellios has found the best hygienist he has ever had, thorough, gentle and professional if you dread getting your teeth cleaned make an appointment with Kirsten you won't regret it. Of course I can't leave out Stephanie and Melissa the most patient front desk ladies who don't give up on rescheduling and squeezing me in somehow. If you want the total package Dr Tellios and his staff are it.

★★★★★ I was disappointed to not have been able to see Dr Tellios at my appointment. I felt like my teeth needed to be looked at by him because of a chip on one tooth and my grinding. For the future, if he is unable to be there at my appointment, I'd like to be rescheduled. Now, I have to set up another visit that should have been part of my 6 month visit. I enjoyed meeting Yetti (sp?) and she did a great job. Thanks!

★★★★★ Everything was superior! The moment I walked in I was greeted by the hygienist because the receptionist was out sick (only reason I rated that question with the second highest score rather than the highest). All of the staff are so sweet and professional. The dentist is top notch! I have worked in dental offices before and this dentist ranks the highest! He has great attention to detail and takes his time providing a very thorough exam and treatment plan. He gives it to you straight but with a kind and caring manor! 12/6/2017

★★★★★ I'm in seeing the doctor at this office for many many years. Enough said.

Renato

12/4/2017

★★★★★ If you find yourself looking for a new dentist, look no further. Dr. Tellios and his staff will far exceed any expectations that you have. The moment you walk into the office you're greeted with smiling faces and a welcoming vibe. The hygienist Stephanie, will without a doubt be the only person that I'll ever let clean my teeth for the rest of my life. She's that amazing. Seriously. Dr. Tellios performed a consultation at the end of the appointment and what's most impressive is his positivity and optimism. Every other dentist I've gone to in the past focuses on all the things you're doing wrong and you leave feeling like a failure. Dr. Tellios and his staff take a different approach by focusing on simply practicing good hygiene that results in more healthy outcomes. That type of positivity goes a long way, at least for this patient. See you in six months. ()

Karen
